SCHEDULE - II

PART-C Goods Taxable @ 5%

(Refer Jharkhand VAT Ordinance 02 of 2011 read with S. O. 02 dated. 07.05.2011) (See sub-section (1) of Section 9 and sub-section (2) of Section 13)

SI. No. Description of goods No. Description of goods No. Description of goods No. Description of goods No. Description of goods Restrictions subject of which exemption have been allowed Those specified in Scheduler. All Declared goods' as defined w's 14 of the CST Act 1956; excluding those specified in Scheduler. Animal Hair – but to be a part of entry of skin & hide of raw wool Aviation Turbine Fuel sold to an aircraft with a maximum take-off mass of less than forty thousand kilograms operated by scheduled airlines as specified us 14 of the CST Act, 1956. Castings including metal castings 1. Pig iron and spiegeleisen in pigs, blocks or other primary forms 2. Tubes, pipes and hollow profiles, of cast iron 3. Tube or pipe fittings (for example couplings, elbows, sleeves), of iron or steel 5. Cereals, that is to say,— (i) Paddy (Onyza sativa L.); but excluding branded packaged items imported into the State from outside the State. (iii) Wheat (Triticum vulgare, T. compactum, T. sphaerococcum, T. durum, T. aestivum L., T. dicocum); 6. Coal including coke in all its forms, but excluding char coat; 7. Cotton, that is to say, all kinds of cotton (indigenous or imported in its unmanufacture state, whether ginned or unginned, baled, pressed otherwise, but not including cotton waste 9. Crude Oit, that is to say, crude petroleum oils and crude oils obtained from bituminous minerals (such as shale, calacreous rock, sand), whatever their composition whether obtained from normal or condensation oil deposits or by the destructive distillation or bituminous minerals of the substance in processes: (i) Decantation; (2) De-salting; (3) Dehydration; (4) Stabilization in order to normalize the vapour pressure; (5) Elimination of very light fractions with a view to returning them to the oil-deposits in order to improve the drainage and maintain to pressure; (6) the addition of only those hydrocarbons previously recovered by physical methods during the course of the above mentioned processes; (7) any other minor		(See sub-section (1) of Section 9 and sub-section (2) of	1 dection 13)
All 'Declared goods' as defined w's 14 of the CST Act 1956; excluding those specified in Schedule-I. Animal Hair – but to be a part of entry of skin & hide of raw wool Aviation Turbine Fuel sold to an aircraft with a maximum take-off mass of less than forty thousand kilograms operated by scheduled airlines as specified u's 14 of the CST Act, 1956. Castings including metal castings		Description of goods	restrictions subject of which exemption have
Aviation Turbine Fuel sold to an aircraft with a maximum take-off mass of less than forty thousand kilograms operated by scheduled airlines as specified us 14 of the CST Act, 1956. Castings including metal castings 1. Pig iron and spiegeleisen in pigs, blocks or other primary forms 2. Tubes, pipes and hollow profiles, of cast iron 3. Tube or pipe fittings (for example couplings, elbows, sleeves), of iron or steel Cereals, that is to say,— (i) Paddy (Oryza sativa L); (ii) Rice (Oryza sativa L); but excluding branded packaged items imported into the State from outside the State. (iii) Wheat (Triticum vulgare, T. compactum, T. sphaerococcum, T. durum, T. aestivum L., T. dicocum); Coal including coke in all its forms, but excluding char coal; Cotton, that is to say, all kinds of cotton (indigenous or imported in its unmanufacture state, whether ginned or unginned, baled, pressed otherwise, but not including cotton waste Cotton yarn, but not including cotton yarn waste Cotton yarn, but not including cotton yarn waste Crude Oil, that is to say, crude petroleum oils and crude oils obtained from bituminous minerals (such as shale, calcareous rock, sand), whatever their composition whether obtained from normal or condensation oil deposits or by the destructive distillation or bituminous minerals and whether notained from normal or condensation oil deposits or by the destructive distillation or bituminous minerals and whether notained from normal or condensation oil deposits or by the destructive distillation or bituminous minerals and whether notained from normal or condensation oil deposits or by the destructive distillation or bituminous minerals and whether notained from normal or condensation oil deposits or by the destructive distillation or bituminous minerals and whether notained from normal or condensation oil deposits or by the destructive distillation or bituminous minerals and whether notained from normal or condensation oil deposits or by the destructive distillation or bituminous minerals and whet	1		occii uno wea
mass of less than forty thousand kilograms operated by scheduled airlines as specified u/s 14 of the CST Act. 1956. 4 Castings including metal castings 1. Pig iron and spiegeleisen in pigs, blocks or other primary forms 2. Tubes, pipes and hollow profiles, of cast iron 3. Tube or pipe fittings (for example couplings, elbows, sleeves), of iron or steel 5 Cereals, that is to say,— (i) Paddy (Oryza sativa L.); but excluding branded packaged items imported into the State from outside the State. (iii) Wheat (Triticum vulgare, T. compactum, T. sphaerococcum, T. durum, T. aestivum L., T. dicocum); 6 Coal including coke in all its forms, but excluding char coal; 7 Cotton, that is to say, all kinds of cotton (indigenous or imported in its unmarufacture state, whether ginned or unginned, baled, pressed otherwise, but not including cotton waste 8 Cotton yarn, but not including cotton yarn waste 9 Crude Oil, that is to say, crude petroleum oils and crude oils obtained from bituminous minerals (such as shale, calcareous rock, sand), whatever their composition whether obtained from normal or condensation oil deposits or by the destructive distillation or bituminous minerals and whether nor not subjected to all or any of the following processe: (1) Decantation; (2) De-salting; (3) Dehydration; (4) Stabilization in order to normalize the vapour pressure; (5) Elimination of only those hydrocarbons previously recovered by physical methods during the course of the above mentioned processes; (7) any other minor processes (including addition of you point depressants or flow improves) which does not change the essential character of the substance]; 10 Hides and skins, whether in a raw or dressed state	2	Animal Hair – but to be a part of entry of skin & hide of raw wool	
1. Pig iron and spiegeleisen in pigs, blocks or other primary forms 2. Tubes, pipes and hollow profiles, of cast iron 3. Tube or pipe fittings (for example couplings, elbows, sleeves), of iron or steel 5. Cereals, that is to say,— (i) Paddy (Oryza sativa L.); (ii) Rice (Oryza sativa L.); but excluding branded packaged items imported into the State from outside the State. (iii) Wheat (Triticum vulgare, T. compactum, T. sphaerococcum, T. durum, T. aestivum L., T. dicocum); 6. Coal including coke in all its forms, but excluding char coal; Cotton, that is to say, all kinds of cotton (indigenous or imported in its unmanufacture state, whether ginned or unginned, baled, pressed otherwise, but not including cotton waste 8. Cotton yarn, but not including cotton yarn waste 9. Crude Oil, that is to say, crude petroleum oils and crude oils obtained from bituminous minerals (such as shale, calcareous rock, sand), whatever their composition whether obtained from normal or condensation oil deposits or by the destructive distillation or bituminous minerals and whether nor not subjected to all or any of the following process: (1) Decantation; (2) De-salting; (3) Dehydration; (4) Stabilization in order to normalize the vapour pressure; (5) Elimination of very light fractions with a view to returning them to the oil-deposits in order to improve the drainage and maintain to pressure; (6) the addition of only those hydrocarbons previously recovered by physical methods during the course of the above mentioned processes; (7) any other minor processes (including addition of you point depressants or flow improves) which does not change the essential character of the substance]; 10. Hides and skins, whether in a raw or dressed state	_	mass of less than forty thousand kilograms operated by scheduled airlines as specified u/s 14 of the CST Act, 1956.	
2. Tubes, pipes and hollow profiles, of cast iron 3. Tube or pipe fittings (for example couplings, elbows, sleeves), of iron or steel 5. Cereals, that is to say,— (i) Paddy (Oryza sativa L.); but excluding branded packaged items imported into the State from outside the State. (iii) Wheat (Triticum vulgare, T. compactum, T. sphaerococcum, T. durum, T. aestivum L., T. dicocum); 6. Coal including coke in all its forms, but excluding char coal; 7. Cotton, that is to say, all kinds of cotton (indigenous or imported in its unmanufacture state, whether ginned or unginned, baled, pressed otherwise, but not including cotton waste 8. Cotton yarn, but not including cotton yarn waste 9. Crude Oil, that is to say, crude petroleum oils and crude oils obtained from bituminous minerals (such as shale, calcareous rock, sand), whatever their composition whether obtained from normal or condensation oil deposits to by the destructive distillation or bituminous minerals and whether nor not subjected to all or any of the following process: (1) Decantation; (2) De-salting; (3) Dehydration; (4) Stabilization in order to normalize the vapour pressure; (5) Elimination of very light fractions with a view to returning them to the oil-deposits in order to improve the drainage and maintain to pressure; (6) the addition of only those hydrocarbons previously recovered by physical methods during the course of the above mentioned processes; (7) any other minor processes (including addition of you point depressants or flow improves) which does not change the essential character of the substance]; 10. Hides and skins, whether in a raw or dressed state	4	Castings including metal castings	
3. Tube or pipe fittings (for example couplings, elbows, sleeves), of iron or steel 5. Cereals, that is to say,— (i) Paddy (Oryza sativa L.); but excluding branded packaged items imported into the State from outside the State. (iii) Wheat (Triticum vulgare, T. compactum, T. sphaerococcum, T. durum, T. aestivum L., T. dicocum); 6. Coal including coke in all its forms, but excluding char coal; 7. Cotton, that is to say, all kinds of cotton (indigenous or imported in its unmanufacture state, whether ginned or unginned, baled, pressed otherwise, but not including cotton waste 8. Cotton yarn, but not including cotton yarn waste 9. Crude Oil, that is to say, crude petroleum oils and crude oils obtained from bituminous minerals (such as shale, calcareous rock, sand), whatever their composition whether obtained from normal or condensation oil deposits or by the destructive distillation or bituminous minerals and whether nor not subjected to all or any of the following process: (1) Decantation; (2) De-salting; (3) Dehydration; (4) Stabilization in order to normalize the vapour pressure; (5) Elimination of very light fractions with a view to returning them to the oil-deposits in order to improve the drainage and maintain to pressure; (6) the addition of only those hydrocarbons previously recovered by physical methods during the course of the above mentioned processes; (7) any other minor processes (including addition of you point depressants or flow improves) which does not change the essential character of the substance]; 10. Hides and skins, whether in a raw or dressed state			
iron or steel Cereals, that is to say,— (i) Paddy (Oryza sativa L.); (ii) Rice (Oryza sativa L.); (iii) Rice (Oryza sativa L.); (iii) Wheat (Triticum vulgare, T. compactum, T. sphaerococcum, T. durum, T. aestivum L., T. dicocum); Coal including coke in all its forms, but excluding char coal; Cotton, that is to say, all kinds of cotton (indigenous or imported in its unmanufacture state, whether ginned or unginned, baled, pressed otherwise, but not including cotton waste Cotton yarn, but not including cotton yarn waste Cotton yarn, but not including cotton yarn waste Cotton bituminous minerals (such as shale, calcareous rock, sand), whatever their composition whether obtained from normal or condensation oil deposits or by the destructive distillation or bituminous minerals and whether nor not subjected to all or any of the following process: (1) Decantation; (2) De-salting; (3) Dehydration; (4) Stabilization in order to normalize the vapour pressure; (5) Elimination of very light fractions with a view to returning them to the oil-deposits in order to improve the drainage and maintain to pressure; (6) the addition of only those hydrocarbons previously recovered by physical methods during the course of the above mentioned processes; (7) any other minor processes (including addition of you point depressants or flow improves) which does not change the essential character of the substance]; Taxable we f		2. Tubes, pipes and hollow profiles, of cast iron	
(ii) Paddy (Oryza sativa L.); but excluding branded packaged items imported into the State from outside the State. (iii) Wheat (Triticum vulgare, T. compactum, T. sphaerococcum, T. durum, T. aestivum L., T. dicocum); 6 Coal including coke in all its forms, but excluding char coal; 7 Cotton, that is to say, all kinds of cotton (indigenous or imported in its unmanufacture state, whether ginned or unginned, baled, pressed otherwise, but not including cotton waste 8 Cotton yarn, but not including cotton yarn waste 9 Crude Oil, that is to say, crude petroleum oils and crude oils obtained from bituminous minerals (such as shale, calcareous rock, sand), whatever their composition whether obtained from normal or condensation oil deposits or by the destructive distillation or bituminous minerals and whether nor not subjected to all or any of the following process: (1) Decantation; (2) De-salting; (3) Dehydration; (4) Stabilization in order to improve the drainage and maintain to pressure; (6) the addition of only those hydrocarbons previously recovered by physical methods during the course of the above mentioned processes; (7) any other minor processes (including addition of you point depressants or flow improves) which does not change the essential character of the substance]; 10 Hides and skins, whether in a raw or dressed state			
7 Cotton, that is to say, all kinds of cotton (indigenous or imported in its unmanufacture state, whether ginned or unginned, baled, pressed otherwise, but not including cotton waste 8 Cotton yarn, but not including cotton yarn waste 9 Crude Oil, that is to say, crude petroleum oils and crude oils obtained from bituminous minerals (such as shale, calcareous rock, sand), whatever their composition whether obtained from normal or condensation oil deposits or by the destructive distillation or bituminous minerals and whether nor not subjected to all or any of the following process:- (1) Decantation; (2) De-salting; (3) Dehydration; (4) Stabilization in order to normalize the vapour pressure; (5) Elimination of very light fractions with a view to returning them to the oil-deposits in order to improve the drainage and maintain to pressure; (6) the addition of only those hydrocarbons previously recovered by physical methods during the course of the above mentioned processes; (7) any other minor processes (including addition of you point depressants or flow improves) which does not change the essential character of the substance]; 10 Hides and skins, whether in a raw or dressed state	5	 (i) Paddy (Oryza sativa L); (ii) Rice (Oryza sativa L.); but excluding branded packaged items imported into the State from outside the State. (iii) Wheat (Triticum vulgare, T. compactum, T. sphaerococcum, T. 	from 01.04.2008 * Substituted vide Not. SO 69 dt. 31.03.07 inserted & taxable vide No. SO 131 dt. 12.07.2011 w.e.f-
7 Cotton, that is to say, all kinds of cotton (indigenous or imported in its unmanufacture state, whether ginned or unginned, baled, pressed otherwise, but not including cotton waste 8 Cotton yarn, but not including cotton yarn waste 9 Crude Oil, that is to say, crude petroleum oils and crude oils obtained from bituminous minerals (such as shale, calcareous rock, sand), whatever their composition whether obtained from normal or condensation oil deposits or by the destructive distillation or bituminous minerals and whether nor not subjected to all or any of the following process:- (1) Decantation; (2) De-salting; (3) Dehydration; (4) Stabilization in order to normalize the vapour pressure; (5) Elimination of very light fractions with a view to returning them to the oil-deposits in order to improve the drainage and maintain to pressure; (6) the addition of only those hydrocarbons previously recovered by physical methods during the course of the above mentioned processes; (7) any other minor processes (including addition of you point depressants or flow improves) which does not change the essential character of the substance]; 10 Hides and skins, whether in a raw or dressed state	6	Coal including coke in all its forms, but excluding char coal;	
9 Crude Oil, that is to say, crude petroleum oils and crude oils obtained from bituminous minerals (such as shale, calcareous rock, sand), whatever their composition whether obtained from normal or condensation oil deposits or by the destructive distillation or bituminous minerals and whether nor not subjected to all or any of the following process:- (1) Decantation; (2) De-salting; (3) Dehydration; (4) Stabilization in order to normalize the vapour pressure; (5) Elimination of very light fractions with a view to returning them to the oil-deposits in order to improve the drainage and maintain to pressure; (6) the addition of only those hydrocarbons previously recovered by physical methods during the course of the above mentioned processes; (7) any other minor processes (including addition of you point depressants or flow improves) which does not change the essential character of the substance]; 10 Hides and skins, whether in a raw or dressed state Taxable w e.f.	7	Cotton, that is to say, all kinds of cotton (indigenous or imported in its unmanufacture state, whether ginned or unginned, baled, pressed	
from bituminous minerals (such as shale, calcareous rock, sand), whatever their composition whether obtained from normal or condensation oil deposits or by the destructive distillation or bituminous minerals and whether nor not subjected to all or any of the following process:- (1) Decantation; (2) De-salting; (3) Dehydration; (4) Stabilization in order to normalize the vapour pressure; (5) Elimination of very light fractions with a view to returning them to the oil-deposits in order to improve the drainage and maintain to pressure; (6) the addition of only those hydrocarbons previously recovered by physical methods during the course of the above mentioned processes; (7) any other minor processes (including addition of you point depressants or flow improves) which does not change the essential character of the substance]; 10 Hides and skins, whether in a raw or dressed state Taxable we f	8	Cotton yarn, but not including cotton yarn waste	
11 Taxable w e f		from bituminous minerals (such as shale, calcareous rock, sand), whatever their composition whether obtained from normal or condensation oil deposits or by the destructive distillation or bituminous minerals and whether nor not subjected to all or any of the following process:- (1) Decantation; (2) De-salting; (3) Dehydration; (4) Stabilization in order to normalize the vapour pressure; (5) Elimination of very light fractions with a view to returning them to the oil-deposits in order to improve the drainage and maintain to pressure; (6) the addition of only those hydrocarbons previously recovered by physical methods during the course of the above mentioned processes; (7) any other minor processes (including addition of you point depressants or flow improves) which does not change the essential character of the substance];	
01-01-2011		Imported Sugar	

12	 Iron and steel, that is to say,— (i) Pig Iron, Sponge Iron and cast iron including ingot moulds, bottom plates, iron scrap, cast iron scrap, runner scrap and iron skull scrap; (ii) Steel semis (ingots, slabs, blooms and billets of all qualities, shapes and sizes); (iii) Skelp bars, tin bars, sheet bars, hoe-bars and sleeper bars; (iv) Steel bars (rounds, rods, squares, flats, octagons and hexagons, plain and ribbed or twisted, in coil form as well as straight lengths); (v) Steel structurals (angles, joists, channels, tees, sheet piling sections, Z sections or any other rolled sections); (vi) Sheets, hoops, strips and skelp, both black and galvanised, hot and cold rolled, plain and corrugated, in all qualities, in straight lengths and in coil form, as rolled and in rivetted condition; (vii) Plates both plain and chequered in all qualities; (viii) Discs, rings, forgings and steel castings; (ix) Tool, alloy and special steels of any of the above categories; (x) Steel melting scrap in all forms including steel skull, turnings and borings; (xi) Tin-plates, both welded and seamless, of all diameters and lengths, including tube fittings; (xii) Tin-plates, both hot dipped and electrolytic and tinfree plates; (xiii) Fish plate bars, bearing plate bars, crossing sleeper bars, fish plates, bearing plates, crossing sleepers and pressed steel sleepers—heavy and light crane rails; (xiv) Wheels, tyres, axles and wheels sets; (xv) Wire rods and wires—rolled, drawn, galvanised, aluminised, tinned or coated such as by copper; (xvi) Defectives, rejects, cuttings or end pieces of any of the above categories; 	
13	Jute, that is to say, the fibre extracted from plants belonging to the species Corchorrus capsuliries and Corchorrus olitorius and the fibre known as mesta or bimli extracted from plants of the species Hibiscus cannabinus and Hibiscus sabdariffa—Varalitissima and the fibre known as Sunn or Sunn-hemp extracted from plants of the species Crotaloria juncea whether baled or otherwise;	
14	Knitting wool	
15	Lignite	
16	Liquefied Petroleum Gas for Domestic Use	_

17 Oisseds, that is to say.— (i) Groundhut or peanut (Arachis hypogaea); (ii) Seasamum or Til (Seasmum oriental); (iii) Cottonsed (Gossypium Sp) (iv) Seasamum or Til (Seasmum oriental); (iv) Seasamum or Til (Seasmum oriental); (iv) Soyabaan (Clycine selas); (iv) Soyabaan (Clycine selas); (iv) Soyabaan (Clycine selas); (iv) Soyabaan (Clycine selas); (iv) Casessed and mustard— (iv) Torta (Brassica campestris var toria); (iv) Lanseed (Linum usitatissimum); (iv) Castor (Ricinus communis), (iv) Linseed (Linum usitatissimum); (iv) Cosonut (i.e. copra excluding tender coconuts) (Cocosnucifera); (ix) Sunflower (Helianthus annus); (ix) Nigar seed (Quizotia abyssinica); (ix) Manua, iliupal, lipe (Madhuca indica M. latifolia, Bassia latifolia and Madhuca longifolia syn. M. longifolia); (ixii) Karanja, pongam, honga (Pongamia pinnata syn. P. Glabra); (ixiv) Kusum (Schleichera oleosa, syn. S. trijuga); (ixi) Karanja, pongam, honga (Pongamia pinnata syn. P. Glabra); (ixiv) Kokum (Carcinia indica), (ixiv) Karanja, pongam (pongamia pinnata syn. P. Glabra); (ixiv) Kokum (Carcinia indica), (ixiv) K			
PVC Pipes and their fittings thereof 1. Tubes, Pipes and hoses, and fittings therefor (for example, joints, elbows, flanges), of plastics 2. Tubes, Pipes and hollow profiles, of cast iron 3. Tubes, Pipes and hollow profiles, seamless, of iron (other than case iron) or steel 4. Other tubes and pipes (for example, welded, riveted or similarly closed), having circular cross sections, the external diameter of which exceeds 406.4 mm (16 inches) of iron or steel 5. Other tubes, pipes and hollow profiles (for example, open seamed or welded, riveted or similarly closed), of iron or steel; 6. Tube or pipe fittings (for example coupling, elbows, sleeves), of iron or steel; Cast fittings 19 Pulses, that is to say,- (i) Gram or gulab gram (Cicemrietinum L); (ii) Tur or arhar (Cajanus cajan); (iii) Moong or green gram (Phaselous aureus); (iv) Mmasur or lentil (Lens esculmta Moench, Lens cuinaris Medic.); (v) Urad or black gram (Phaseolus mungo); (vi) Moth (Phaseolus aconitifolius Jacq); (vii) Lakh or khesari (Lathyrus sativus L.); but excluding branded packaged items imported into the State from outside the State. 20 Silk fabrics but excluding handloom silks, unless covered by Additional Excise Duty	17	 (i) Groundnut or peanut (Arachis hypogaea); (ii) Seasamum or Til (Sesamum oriental); (iii) Cottonseed (Gossypium Spp) (iv) Soyabean (Glycine seja); (v) Rapeseed and mustard— (1) Torta (Brassica campestris var toria); (2) Rai (Brassica juncea); (3) Jamba—Taramira (Eruca saliva); (4) Sarson, yellow and brown (Brassica campestris var sarson); (5) Banarsi Rai or True Mustard (Brassica nigra); (vii) Castor (Ricinus communis); (viii) Coconut (i.e. copra excluding tender coconuts) (Cocosnucifera); (x) Sunflower (Helianthus annus); (x) Nigar seed (Guizotia abyssinica); (xi) Neem, vepa (Azadirachta indica); (xii) Mahua, illupai, Ippe (Madhuca indica M. latifolia, Bassia latifolia and Madhuca longifolia syn. M. longifolia); (xiii) Karanja, pongam, honga (Pongamia pinnata syn. P. Glabra); (xiv) Kusum (Schleichera oleosa, syn. S. trijuga); (xv) Punna, undi (Calophyllum inophyllum); (xvi) Kokum (Carcinia indica); (xvii) Sal (Shorea robusta); (xviii) Tung (Aleuritesfordii and A. montana); (xix) Red palm (Elaeisguinensis); 	
(i) Gram or gulab gram (Cicemrietinum L); (ii) Tur or arhar (Cajanus cajan); (iii) Moong or green gram (Phaselous aureus); (iv) Mmasur or lentil (Lens esculmta Moench, Lens cuinaris Medic.); (v) Urad or black gram (Phaseolus mungo); (vi) Moth (Phaseolus aconitifolius Jacq); (vii) Lakh or khesari (Lathyrus sativus L.); but excluding branded packaged items imported into the State from outside the State. 20 Silk fabrics but excluding handloom silks, unless covered by Additional Excise Duty	18	PVC Pipes and their fittings thereof 1.
